YANKEE MAGAZINE APPLAUDS LOCAL ESTABLISHMENT
93 Townsend, A Coastal Kitchen, Receives Editors' Choice Honor

DUBLIN, NH (May 23, 2007) - 93 Townsend, A Coastal Kitchen, today announced it was selected as an "Editors' Choice" in the 2007 Special Travel Issue of *Yankee Magazine*. *Yankee's* trusted endorsement will be recommended to nearly 2 million readers this spring, summer, and fall.

On sale now and available until October 31 where magazines are sold, *Yankee's* Special Travel Issue uncovers the destinations and activities that make the region a hot spot for spring escapes, summer fun, and fall getaways for New Englanders and visitors alike. The Editors' Choice recommendation singles out those establishments *Yankee's* editors feel no visitor should miss.

"Readers often point out that the recipients of the Editors' Choice endorsement represent the rustic, the refined, and everything in between, then ask what criteria we use to select them," said Mel Allen, editor of *Yankee*. "Whether it's a farmstand, a lobster shack with paper plates, or a restaurant that serves its meals on fine china, they all share a singular quality. These are places that travelers will remember, that locals love, and that promise visitors the opportunity to experience New England's unique character firsthand."

"This 70-seat restaurant bills itself as "a coastal kitchen," and that's a perfectly apt description of a place where you can dine on clams and lobster that come from waters just a short stroll away. The lobster risotto is a perpetual favorite, but the eclectic menu also features "mainland meals" for those less enamored of seafood. Midweek, there's usually live entertainment. No time to sit? Stop next door at Oak Street Provisions (under the same ownership) for local breads and fruit to enjoy elsewhere, perhaps on a nearby dock. Entrées: from \$14."

93 Townsend, A Coastal Kitchen, will also be recommended on NewEngland.com, *Yankee's* travel Web site and companion to the magazine. NewEngland.com offers visitors the tools they need to plan their travels and the opportunity to learn more about the region as a whole and the places celebrated in *Yankee*.
